Memo No. GPH/Building/2022/.....1052

Dated: 05.08.2022

**Subject: Repair, Raising Height & barb wiring of Boundary Wall of East side of the Institute.**

In this connection it is respectfully submitted that the above mentioned boundary wall of the institute needs repair and barb wiring. With time the height has become insufficient to stop stray animals/ Nilgai. Also there can be an easy breach in the security of campus as the adjacent land has no construction and no surveillance.

Thus, you are requested to resolve this issue as soon as possible to avoid any mishappening / accident in future.

Principal  
Govt. Polytechnic  
Hisar
