Order No 1702

Dated 12/12/23

It is directed to all the staff members about the importance of following the proper channels for submitting complaints or raising concerns within the institution. It has come to the attention of the undersigned that some employees have been directly reaching out to Police or higher authorities without first utilizing the internal procedures.

Maintaining a structured approach to addressing concerns is essential for the smooth functioning of the institution and contributes to a positive work environment. Directly contacting external entities not only bypasses the established processes but can also harm the reputation of the institution.

All are directed to follow these instructions strictly in future.
