

# GURU DAKSH GOVT. POLYTECHNIC, HISAR

(Affiliated to HSBTE, Panchkula & Approved by AICTE, New Delhi)

## PLACEMENT BROCHURE

2024

# INSTITUTE VISION & MISSION

## OUR VISION

*"To create and sustain an environment of Technical Education in which Youth Acquire Technical Skill and Knowledge".*

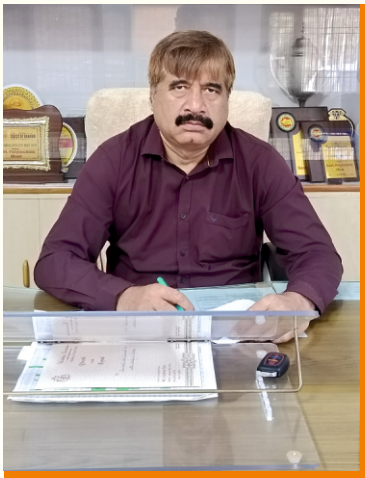

## OUR MISSION

- *To provide current and in demand technical education to youth*
- *To generate new knowledge by providing technical support through industry visits and expert lectures*
- *To inculcate moral, ethical and professional values amongst the students*
- *To respond effectively to the changing needs of the industry and community as a whole*
- *To promote quality education and training in multiple technical fields*

## INSTITUTE FACILITIES

- State of the art infrastructure
- Smart classroom for Modern way of teaching
- Fully air-conditioned Labs
- Availability of LCD projectors in each Lab
- Systematized way of teaching
- Extremely rich and properly managed library
- 24 X 7 Wi-Fi facility and well equipped computer labs
- Grooming facilities–communication labs, seminar halls, conference rooms, sports stadium and cafeteria.
- Hostel facilities separate for boys and girls inside the campus
- Cluster Institute for placement of students
- Post Matric Scholarship Scheme
- Merit Cum Means (TOP TEN) Scholarship
- Our institution provides ICT based Training for staff
- Highly experienced and dedicated academicians and professionals
- CCTV Camera installed in the Institute
- Indoor Gymnasium
- Guest House, Cycle & Vehicle Stand, Play Ground
- Outdoor games-Badminton, Volley Ball & Cricket
- NCC, NSS

# From the desk of Principal

I feel immensely glad and privileged to share the achievements, facilities, expectations, and other general details regarding the institute with the esteemed patrons, prospective employers and other stakeholders. Our institute is not only the largest institution students-intake wise, but it also has a unique reputation for its strong placement credentials over the years. The exposure that students get over here for their 3-year tenure prepares them well for future challenges which employers would strongly be expecting of them. On the other hand, the excellent placement record of the institute makes our job easier at the time of admissions because students from far flung areas like Bihar, Jharkhand-- not to mention adjoining states to Haryana such as Uttar Pradesh, Punjab, Himachal Pradesh, Rajasthan and Delhi-- feel attracted to take admissions here. And I also would like to emphasize that it is not only placement opportunities that bring students here from distant places, but it is also the affable and friendly environment at our institute's hostels that works like a magnet to them for deciding to study here as a diploma student. The culture of Haryana has always been inclusive and accommodating, and I feel proud in serving at GD Government Polytechnic Hisar which is kind of a second name to an interdisciplinary and inter cultural space. The state-of-art facilities available here prepare students to become a highly skilled and responsible employee since the day first. I also feel excited to highlight the talent, hard work and commitment of our experienced faculty in harnessing the holistic skills of our students. There are so many things which I would have liked to share with you--which are otherwise mentioned on the pages henceforth---but due to lack of space I humbly avoid. Last but not the least, I want to ensure you that your prospective employees at GD Government Polytechnic Hisar are well equipped not only with their skills, talent and energy, but also with soft skills like teamwork, self-motivation, adaptation and personal demeanor. I am always happy to garner the precious suggestions by all stakeholders, including you in making our institute better. I wish a long partnership with you and your esteemed organization through our students.

**Dr. Sunil Kumar**  
Principal

# About the Institute

Guru Daksh Government Polytechnic Hisar is affiliated to Technical Education Department, Panchkula, (Haryana) and is approved by the All India Council for Technical Education (AICTE). The college was established in 1992 and offers three year diploma courses in thirteen disciplines of Engineering. Diploma Program in Computer Engineering, Electronics and Communication Engineering are accredited by National Board of Accreditation (NBA). The Institute has one of the largest student strength amongst polytechnics in Haryana. Currently more than 3000 students are pursuing their studies in different branches, namely, Civil Engineering, Computer Engineering, Electronics & Communication Engineering, Electrical Engineering, Fashion Design, Fashion Technology, Finance Account and Auditing, Instrumentation & Control Engineering, Mechanical Engineering, Medical Electronics Engineering, Textile Design, Textile Processing and Textile Technology at Guru Daksh Government Polytechnic Hisar.

The college has an excellent team of teaching faculty. They are well qualified, meritorious, experienced and highly dedicated. The learning experiences and quality educational practices created at the institute supplemented with academic ambience, state of the art infrastructure, pedagogy, academic innovations, training opportunities and entrepreneurship provided to students is enabling the institute to produce students who are industry ready.

The college strives for excellence and has been consistently maintaining excellent academic results and placements. The institute has signed MoUs with more than 45 industries and training institutes for better interaction with the outside world, students training and placement and overall development of the students. The institute won the Best Polytechnic award of North India from NITTTR Chandigarh in the year 2019.

# From the desk of Training & Placement Officer

The Institute was established in 1992 and offers three year diploma courses in thirteen (13) disciplines of Engineering. Govt. Polytechnic Hisar is affiliated to Technical Education Department, Panchkula, Haryana and is approved by the All India Council for Technical Education.

Our aim is to place the maximum number of students through the campus & off campus interviews conducted by the companies. We assist the students in career planning and employment strategies and indulge the students to face competitive examination as well as interviews through training programs viz, aptitude tests, group discussions, mock interviews etc. We motivate the students to develop technical knowledge & soft skills in terms of goal setting. As a result of which the alumni of our Institute are showing distinction in their respective positions.

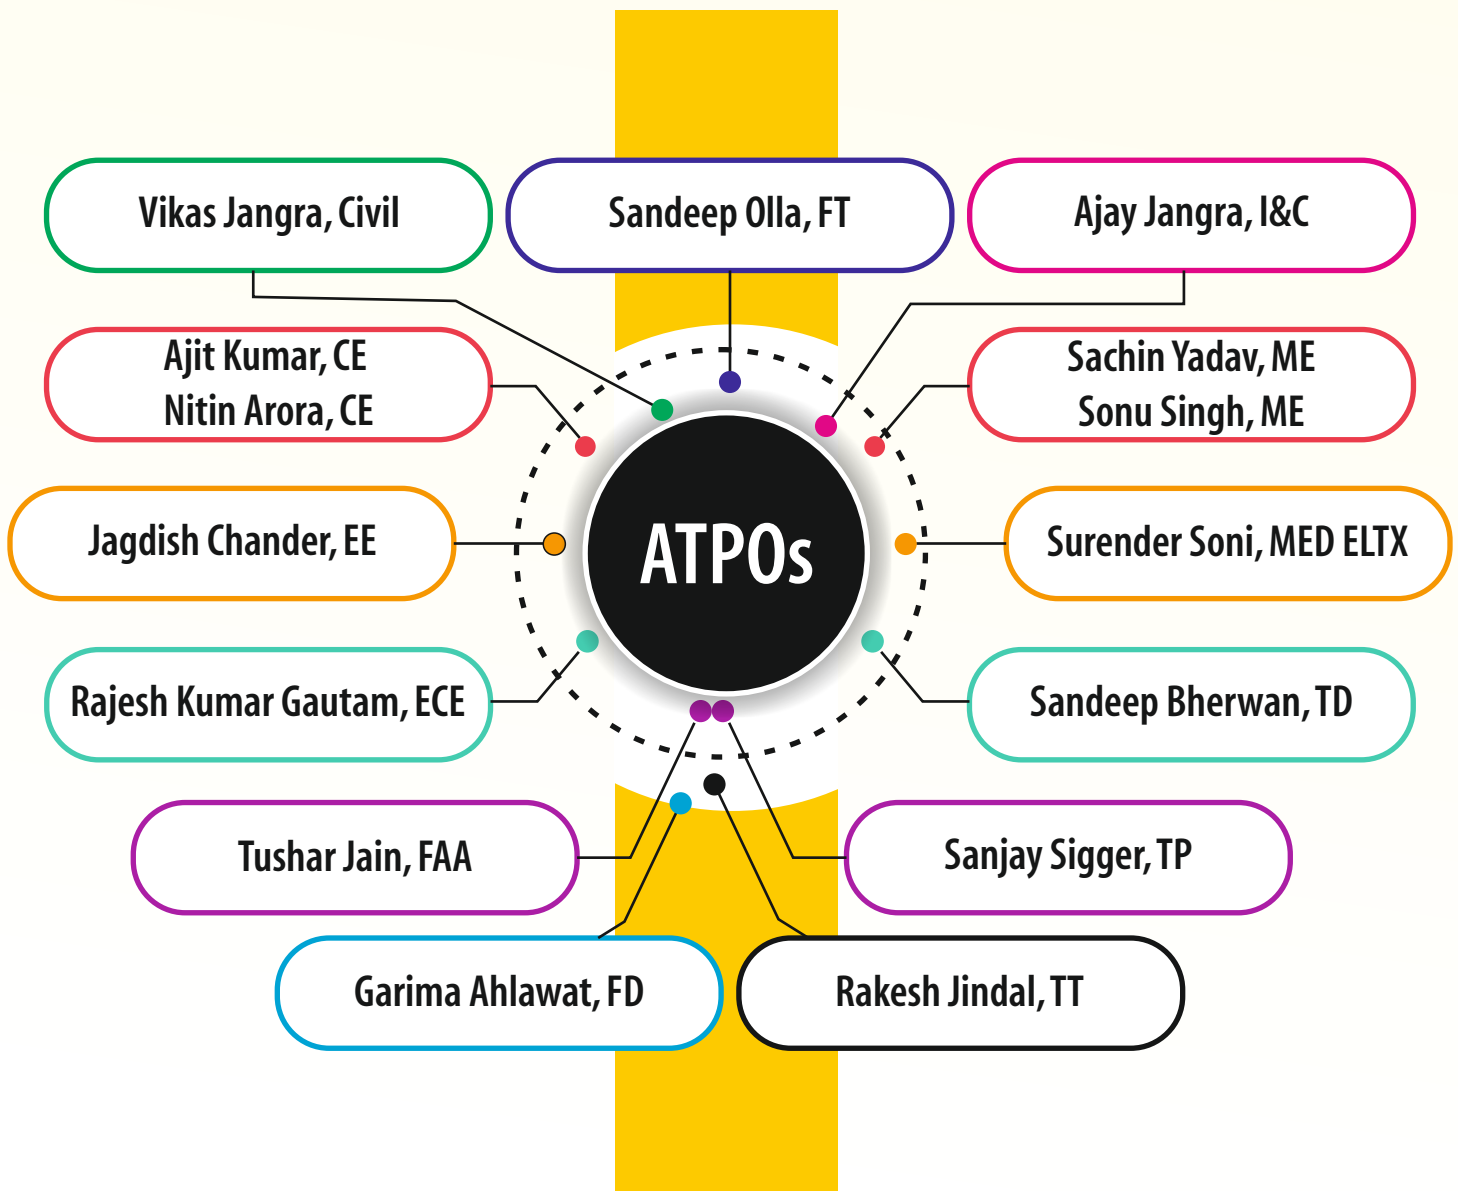

The Training and Placement Cell of Govt. Polytechnic is headed by Training and Placement Officer with a team of highly motivated and proactive ATPO's. T&P cell is completely dedicated for training and placements of Polytechnic students. The placement cell focuses on each student to maximize his/her career prospects and assists him/her in achieving the same. Students are placed through campus recruitment programs. The Training and Placement Cell is committed to fulfilling the dreams of all those who pass from Govt Polytechnic Hisar.

Objective of the placement cell is to place students in good organizations. This is achieved through campus selections conducted in the Institute for which the students are trained in aptitude, technical and soft skills, much ahead of campus selections. The cell believes in overall development of the students' personality, which will help them to achieve a rewarding career. At Govt Polytechnic Hisar, we groom our students according to the needs of the industry.

We have been privileged to receive continuing patronage from reputed organizations from the industry to onboard our students for the last few years. We have always been proud of the satisfaction our recruiters have expressed over the years and we strive to keep the momentum up. The extensive range of intellectual and social forums of this institution addresses the softer aspects of student development and extends to create an ideal mix of traits in them for their industry interface. We prepare the students to meet the needs of the industry and invite reputed companies to the college for organizing campus placement sessions.

**Dr. Mukesh Bansal**  
Training & Placement Officer

# List of ATPOs

## List of MOU's signed in the Year 2023

NITRA Ghaziabad on Dated 14-03-2023.

VPRO Tech Digital, Mohali on Dated 05-04-2023.

GENIS International Ltd. New Delhi on Dated 28-04-2023.

Rubicon Skill Development Pvt. Ltd. Pune on Dated 06-07-2023.

Shri Vishwakarma Skill University Gurugram on Dated 09-10-2023.

## COURSES OFFERED

Sr. No.	Name of Branch	Sanctioned Intake
1.	CIVIL ENGG. (CVL)	60
2.	COMPUTER ENGG. (CE)	120 (NBA Accredited)
3.	ELECTRICAL ENGG. (EE)	60
4.	ELECTRONICS AND COMM. ENGG. (ECE)	60
5.	FINANCE ACCOUNT & AUDITING (FAA)	60
6.	FASHION DESIGN (FD)	60
7.	FASHION TECHNOLOGY (FT)	60
8.	INSTRUMENTATION AND CONTROL ENGG. (I&C)	60
9.	MECHANICAL ENGG. (ME)	120
10.	MEDICAL ELECTRONICS ENGG. (MED ELTX)	60
11.	TEXTILE DESIGN (TD)	60
12.	TEXTILE PROCESSING (TP)	60
13.	TEXTILE TECHNOLOGY (TT)	60

The above-mentioned courses are approved and recognized by All India Council for Technical Education (AICTE).

All the departments are equipped with state-of-the-art infrastructure as per the requirement of AICTE and HSBTE and at par with any of the well-established technical institute in India.

# DEPARTMENT OF CIVIL ENGINEERING

*Civil Engineering Department was established in 2021 in Government Polytechnic Hisar. In the realm of sustainable progress, the civil engineering department lays the foundation for a better tomorrow. Bridging innovation and infrastructure, the civil engineering department shapes the world we live in. Government Polytechnic Hisar offers Diploma in Civil Engineering which has highly qualified faculty members. With a blend of academic prowess and industry insights, the civil engineering department faculty mentors the engineers of the future.*

## ***From Concepts to Concrete: Civil Engineering in Action***

*Career opportunities: - Civil Engineering offers the widest scope of job opportunities in Government as well as private sector. Government sector includes Junior Engineer in Public Health, Public Works, Irrigation Department and many more. Private field includes Civil Engineering Technician, Construction Supervisor, Site Inspector, AutoCAD Technician, Estimator, Surveying Technician, Construction Project Coordinator, Quality Control Technician, Roadwork Technician and many more.*

## **Faculty List**

# DEPARTMENT OF COMPUTER ENGINEERING

*The Department of Computer Engineering offers three years Diploma Course in Computer Engineering which is awarded by Haryana State Board of Technical Education, Panchkula. The department was established in 2004 to meet the demand for well-qualified computer professionals. The intake of the course is 120 students. The department has well-qualified and dedicated faculty which works constantly for the betterment of the students. The department has seven well equipped computer labs which contain 170 computer systems with the latest computer software and internet facility.*

*The Computer Engineering department works with the objective of addressing challenges faced by the Industry, society and the academics. The department has highly qualified faculty whose complete objective is to provide a support center to our students as they continue to develop their technical skills. We in the Computer Engineering department focus on subjects like Cloud Computing, Data Management and Web Development and of course Basics of Computer. This department is accredited by National Board of Accreditation (NBA).*

# DEPARTMENT OF ELECTRICAL ENGG.

Welcome to the Department of Electrical Engineering at Govt. Polytechnic, Hisar. The Electrical Engineering Department was established in the year 2014. The department has highly qualified and competent faculty members and adequate facilities to support teaching and learning activities. The faculty of the department are actively engaged in research, consultancy and testing in the area of renewable energy systems. The faculty of electrical department is regularly producing research publications in international and national journals and conferences of international repute.

**Career Opportunities :** Students passing out from this department get excellent placement through campus selection in the core area industries such as Vardhman, JSL Hisar, JSW Karnataka. Various students get jobs in Haryana Government sectors on posts, such as, for example, Junior Engineer (J.E.), Assistant Line Man (A.L.M.), Shift Attendant (S.A.), Grid Sub-Station Operator (G.S.O.) in DHBVN, UHBVN, HVPNL, HPGCL and DMRC.

***The future is Green Energy:-  
Once you got a solar panel on roof, energy is free.***

# DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGG.

*The Department of Electronics and Communication of GP Hisar was formed in 2004 and it became first department in Northern India to get NBA accreditation in 2019. From the very inception, this department has established itself as an efficient, self-reliant and quality conscious entity with the sole aim of producing the most energetic, enthusiastic and professionally competent Electronic Engineers with ability to take up the challenges posed to them. We have well qualified and experienced staff. Electronics & Communication Engineering deals with the electronic devices, circuits, communication equipments like transmitter, receiver, and integrated circuits (IC), Electronics Instruments, Electronics Devices and Circuits. It aims to deepen the knowledge and skills of the students on the basic concepts and theories that will equip them in their professional work involving analysis, systems implementation, operation, production, and maintenance of the various applications in the field of Electronics and Communications Engineering.*

# DEPARTMENT OF FASHION DESIGN

*Department of Fashion Design is running since 2007 and offering three year diploma course. Our vision is to create competent and socially responsible professional with industry oriented skills.*

*The curriculum of Fashion Design harbours a design sensitization that balances Global Fashion with an Indian soul. A logical hands on experience enables students to sit in the current scenes of industries. Students gain valuable insights via internships at leading fashion houses & manufacturing units to improve knowledge. Here we convert your passion into fashion.*

*Diploma in Fashion Designing provides a broad spectrum of career opportunities like Designer, Merchandiser, Entrepreneur, Boutique Owner, Fabric & Garments Sourcing. Fashion Design diploma offers the necessary knowledge and skills that can help one in setting up their own ventures, thus empowering the spirit of Entrepreneurship.*

# DEPARTMENT OF INSTRUMENTATION & CONTROL ENGG.

*Instruments play a very important role in all fields of education, research and industries. This branch deals with the design and application of devices, usually electronic circuits, the operation of which depends on the flow of electrons for the generation, transmission, reception, and storage of information. Instrumentation is an essential and vital component of modern thermal, chemical plants and any automatic machine.*

## *Educational Objectives*

- 1. To provide good technical education.*
- 2. To continue improving the teaching-learning process to produce technical graduates of internationally acceptable level with competitive technical knowledge, skills and attitude.*
- 3. To achieve 100 % placement of our graduates.*
- 4. Development of academic ambience to develop students' personality through various curricular, co-curricular, and extra-curricular activities.*

# DEPARTMENT OF MECHANICAL ENGG.

*Mechanical Engineering diploma started in 1994 initially, it had specialization in plant maintenance. Mechanical Engineering Department is fully equipped with Thermal Engg., Refrigeration & Air Conditioning, Material & Metallurgy, Meterology, Material Testing, Applied Mechanics, Hydraulics & Pneumatics Lab. The department has a good workshop section which has welding shop, turning shop, machine shop, CNC lab having CNC train master lathe, CNC trainer milling machine, EDM etc. Special attention is given to computer aided design and manufacturing. The department has sufficient facilities & software to train students in CAD & CAM. The pass out students are well placed and currently holding good positions in leading industries like JSL, ISGEC Yamunanagar, JSW Karnataka, Sona Koyo Dharuhera, Sonalika Tractor Punjab, Daikin, Hitachi Astemo, Neemrana etc.*

# DEPARTMENT OF MEDICAL ELECTRONICS

*Medical Electronics Engineering is a multidisciplinary field that blends biology and engineering. Medical Electronics Engineering has a direct effect on human life thus making it different and attractive from other engineering streams.*

*The ever increasing demand for Biomedical engineers is pertinent to our society's affinity towards efficient and convenient healthcare. The importance of Medical Electronics Engineering is due to its increasing effectiveness in steps with the new developments in medical devices.*

*The Department of Medical Electronics was established in the year 2010 with AICTE & HSBTE Approval with sanctioned intake of 60. The department has maintained an exceptional track record on Academics, Admissions, Placement, Industrial/Hospital Training etc. Our mission is to equip the students with adequate knowledge in the field of Biomedical Engineering. We organize seminars, workshops & expert lectures by renowned experts and industry professionals to expose our students to the latest emerging trends in healthcare industry. We also encourage our students for participation in extracurricular activities that foster personal growth and enhance leadership skills. Our curriculum is carefully designed to ensure the students develop a strong base in biomedical field. With a focus on practical learning, our students engage in hands-on projects / internship in final semester to gain real world experience.*

## **Departmental Social Activities:-**

- Organized Free Eye check-up camp in coordination with Eye-Q Hospital, Hisar
- Organized a Seminar on Mental Health Awareness on World Schizophrenia Day.
- Organized Blood Donation Camp in coordination with District Health Department.
- Organized Free Covid Vaccination Camp in coordination with Health Department.
- Organized "No Tobacco "Pledge event for students & staff on World No- Tobacco day.

# DEPARTMENT OF TEXTILE DESIGN

*Welcome to the department of Textile Design. Textile Design department was established in 1995. The department seeks to combine excellence in technical education with service to the industry. Our vision is to be recognized as innovative and leading Textile Design department. Our goal is to provide students with intellectual and practical experience that enables them to serve a variety of societal needs. I am sure in times to come; many students from our department will make indelible mark nationally and internationally in the field of Textile Design and make us proud. We have young dynamic and experienced faculty with well equipped labs to inculcate up to date technical knowledge in our hard working students.*

# DEPARTMENT OF TEXTILE PROCESSING

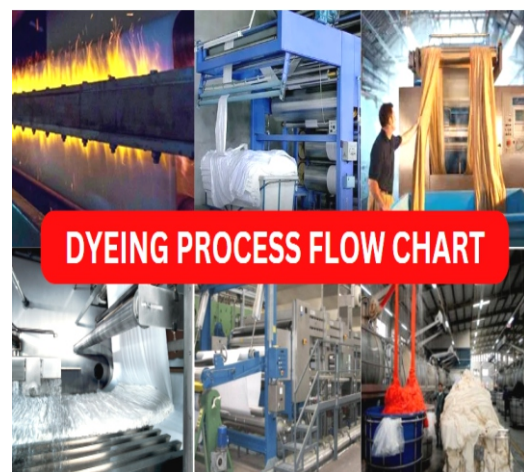

*Diploma in Textile Processing being run at Govt. Polytechnic Hisar, is a job oriented course. This is a key area in textile production. Students of this branch get job opportunities in varied areas of textiles like production, export house, quality assurance, lab testing, dyes and auxiliaries marketing to name a few. Alumni from this department have excelled in all the fields. Placements in general all through the past years have been very consistent.*

*Branch of Textile Processing is one of the core building blocks of the textile field. It adds value to the textile material by adding marketability, aesthetics, colour, feel and numerous add on properties by which the fabric/ garment is made usable for humans for wearing as well as rendering it fit for technical use like medical, sports, defense etc. Department of Textile Processing dates back to the year 1995 with qualified, dedicated staff and well equipped laboratories for practical work. The department has produced numerous luminaries in the field of Textile Processing over the years. In short, this course is the shortest step which makes one reach the top of the ladder in achieving excellence be it technical, managerial or human values. Still the goal to reach excellence always goes a step ahead and our department continuously strives for that. I thank all the stake holders of the department be it students, parents or teachers associated with the textile processing department.*

# DEPARTMENT OF TEXTILE TECHNOLOGY

*Textile Technology is the branch where making of thread and making of all types of clothes like shirt, pant, T- shirt, suit, ladies garments, gents garments, inner wear, socks, curtains , sofa cover, bed sheet, towel, shoe cover, interior of cars is taught.*

The Department of Textile Technology at Govt. Polytechnic Hisar was started in 1995 as a 4 Years sandwich Course and now offers Three Years Diploma Course in Textile Technology with an intake of 60 students per year. It is the oldest and largest department of Textile Technology amongst the polytechnics in Haryana. It has well equipped Spinning Lab, Weaving Lab and Knitting Lab for fabric making, Textile testing Lab , Fabric analysis lab, Garment labs and Dying lab.

The students after completing the Diploma in Textile Technology are placed in Government sector and banking sector, and industries like DCM Limited Hisar, Vardhaman Textiles Limited, Raymond Limited ,Sports king Ludhiana, Manohar Filaments, JCT limited, GBTL Bhiwani, Nahar Group of industries ,Trident limited, HP cotton mills limited, RSWM limited, Devgiri Industries, Kapoor Industries, Golden Terry Towel, Sunny Exports, Shahi Exports, Mahajan Exports, SGS, and Bureau veritas, Diamond Exports, Duke limited, Sitaram Spinners limited Hyderabad , Nike, Reebok, Monte Carlo, Jockey to name a few with a package from Rs. 15000-24000 per month .

# DEPARTMENT OF APPLIED SCIENCE

The multidisciplinary department of applied science, endeavours to develop a strong professional foundation in the students of all branches through the subjects of Physics, Chemistry, Mathematics and English. Mostly the students are taught these subjects in their first year of the course to help them in achieving holistic growth and fulfil the industry needs as per the concerned trade. However, DET-L (Lateral Entry) students are provided with remedial classes as and when required. English faculty also takes Soft Skills classes for final year students to help them in getting placements of their preference. The department has the faculty strength of 17 all of whom are well-qualified from reputed institutes of India including IITs. Few of them have doctorate as well and almost all of them are engaged in quality research. Well established labs of subjects such as Physics, Chemistry and Language provide students experimental knowledge and enhance their professional skills along with their particular domain knowledge of Engineering.

## Faculty List

# DEPARTMENT OF WORKSHOP

Workshop is a place where students acquire knowledge on the operation of various processes involved in manufacturing and production. Workshop practice makes students efficient and competent in handling practical work. Students focus on techniques and skills in a particular field.

The workshop is the backbone of diploma engineering curriculum in general and specifically for mechanical engineering students. Workshop is the core of teaching about different materials equipments, tools and manufacturing practices that are observed in different manufacturing functions. It is a place which contains tools, machines and equipments for imparting technical skill to the students of various disciplines.

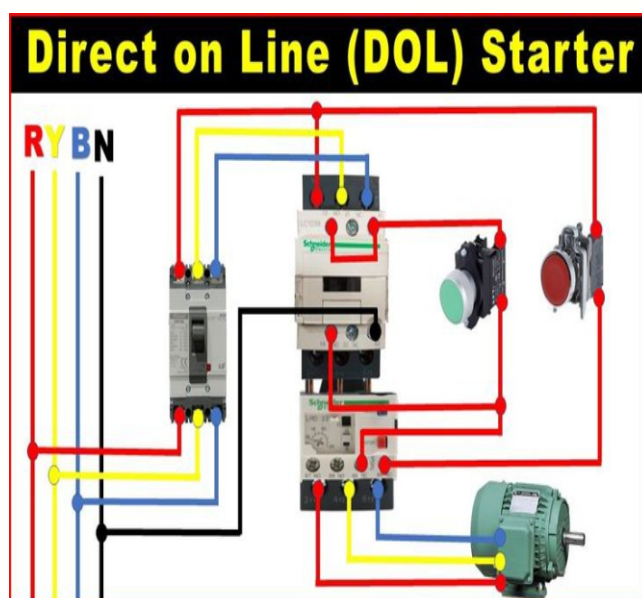

The workshop department has various sections such as:

- |                          |                     |                      |
|--------------------------|---------------------|----------------------|
| 1. Machine Shop          | 2. Turning Shop     | 3. Foundry shop      |
| 4. Smithy Shop           | 5. Painting shop    | 6. Fitting shop      |
| 7. Welding shop          | 8. Sheet metal shop | 9. Carpentry shop    |
| 10. Pattern making shop  | 11. Electrical shop | 12. Electronics shop |
| 13. Advance welding shop |                     |                      |

## OTHER ACTIVITIES

1. One day State Level Seminar on “NBA Accreditation for Diploma Courses” in collaboration with HSBTE Panchkula has been organized at Guru Daksh Govt. Polytechnic, Hisar on dated 20.03.2024. All Principals and O/I's Accreditation of all Polytechnics of Haryana were invited to attend the seminar. Ms. Paras Prashar, Joint Secretary HSBTE Panchkula has delivered a lecture on NBA Accreditation. Sh. Sunil Kumar, Principal has also delivered a message regarding the importance of NBA Accreditation for all diploma courses being run in different polytechnics of Haryana State.
2. A one day workshop on English Proficiency by Naandi Foundation, New Delhi has been organized at Guru Daksh Govt. Polytechnic, Hisar on dated 28-03-2024. All the female students of 2nd and 3rd year diploma courses have participated in this workshop.
3. An Awareness Programme by “Punjab National Bank Rural Self Employment Training Institute” on Entrepreneurship has been conducted at Guru Daksh Govt. Polytechnic, Hisar on dated 05.04.2024 for the 4th & 6th sem. Students of Electrical Engg. and FAA branch.

# LIBRARY & HOSTELS

*The library of the institute provides an enriching and studious environment to students. The semi air-conditioned library has 27584 books, 17 magazines and 12 newspapers (7 Hindi and 5 English) subscription, 10 systems for digital literacy and seating capacity for eighty plus students. We also provide the facility of borrowing books for rather longer period to needy students free of cost and the ever increasing book bank for SC students contains 6135 entities as of date. No need to mention, it remains a priority to keep updating the resources, especially books and journals.*

**HOSTEL :** *Government Polytechnic Hisar is the second home to around 600 students, both boys and girls. There are two hostels for boys and one for girls. The sweet truth is that hostels play a seminal role in shaping the students and make them responsible and independent persons. Hostel wardens and assistant wardens regularly conduct meetings with students and guide them for various opportunities that are available to them as hostelers. Besides sports, hostelers make most of the activities like Life Skills classes, seminars and conferences due to their stay at college premises.*

# SPORTS STADIUM

*Government Polytechnic, Hisar has always been a renowned arena for sports. Students under the mentorship of teachers, who themselves have been skilled sports-persons in their respective student life, and Sports Incharge have often won prestigious Inter-Polytechnic Games, especially Cricket, Football, Table Tennis and Volleyball tournaments. The institute focuses on all-round development of students and sports becomes the most vibrant medium for intermingling of the students from various branches and levels (seniors and juniors). Many teachers too vigorously partake in daily sports activities along with students, especially hostelers, thus making the one- or two-hour activities an enriching and confidence boosting routine for students who subsequently feel motivated, secure and wanted.*
