

GARMENT FINISHING

Weeks 1-3: Unit I – Introduction

Week 1

- **Lecture 1:** Introduction to Garment Finishes: Objectives and Importance
- **Lecture 2:** Classification of Garment Finishes: Mechanical and Chemical
- **Lecture 3:** Applications and Role of Finishes in Garment Industry

Week 2

- **Lecture 4:** Advances in Finishing Technology
- **Lecture 5:** Industry Examples of Key Finishes
- **Lecture 6:** Review and Discussion on Unit I

Week 3

- **Lecture 7:** Practice Quiz on Objectives and Classifications
 - **Lecture 8:** Doubt Clearing Session on Unit I
-

Weeks 4-7: Unit II – Popular Garment Finishes

Week 4

- **Lecture 9:** Wash-n-Wear Finish: Definition, Process, and Applications
- **Lecture 10:** Durable Press Finish: Benefits and Industry Usage
- **Lecture 11:** Antimicrobial Finish: Features and Use Cases

Week 5

- **Lecture 12:** Elastomeric Finish: Functionality and Applications
- **Lecture 13:** Soil Release Finish: Characteristics and Importance
- **Lecture 14:** UV Protection Finish: Process and Uses

Week 6

- **Lecture 15:** Demonstration and Identification of Finishes on Fabric Samples
- **Lecture 16:** Comparison of Different Finishes: Advantages and Limitations
- **Lecture 17:** Case Studies: Popular Garment Finishes in the Market

Week 7

- **Lecture 18:** Review and Recap of Unit II

- **Lecture 19:** Practice Quiz on Popular Garment Finishes
 - **Lecture 20:** Doubt Clearing Session on Unit II
-

Weeks 8-11: Unit III – Popular Garment Washes

Week 8

- **Lecture 21:** Objectives of Garment Washing
- **Lecture 22:** Stone Wash: Process, Materials, and Applications
- **Lecture 23:** Acid Wash: Characteristics and Industry Relevance

Week 9

- **Lecture 24:** Enzyme Wash: Process Steps and Benefits
- **Lecture 25:** Tinting: Overview and Practical Applications
- **Lecture 26:** Softener Wash: Techniques and Benefits

Week 10

- **Lecture 27:** Rinse Wash: Process and Fabric Impact
- **Lecture 28:** Practical Demonstration: Identifying Various Washes on Garments
- **Lecture 29:** Comparison of Washing Techniques and Their Uses

Week 11

- **Lecture 30:** Review and Recap of Unit III
 - **Lecture 31:** Practice Quiz on Garment Washes
 - **Lecture 32:** Doubt Clearing Session on Unit III
-

Weeks 12-14: Unit IV – Garment Care

Week 12

- **Lecture 33:** Objectives of Garment Care and Importance in Consumer Satisfaction
- **Lecture 34:** Laundering Procedures for Cotton, Linen, Wool, Silk, and Synthetics
- **Lecture 35:** Classification of Stains and Methods for Stain Removal

Week 13

- **Lecture 36:** Principle and Process of Dry Cleaning: Flow Chart Representation
- **Lecture 37:** European Standards for Laundry Symbols: Explanation and Interpretation
- **Lecture 38:** Practical Examples of Garment Care Processes

Week 14

- **Lecture 39:** Challenges in Garment Care and Maintenance
 - **Lecture 40:** Practice Quiz on Garment Care Procedures and Symbols
 - **Lecture 41:** Review and Doubt Clearing Session on Unit IV
-

Weeks 15-16: Unit V – Quality in Garment Finishing

Week 15

- **Lecture 42:** Colour Matching Techniques in Garment Finishing
- **Lecture 43:** Importance and Methods of Shade Sorting
- **Lecture 44:** Practical Examples of Colour Matching in Industry

Week 16

- **Lecture 45:** Final Review of Units I-V: Key Concepts and Applications
- **Lecture 46:** Practice Quiz and Discussion on Entire Syllabus
- **Lecture 47:** Exam Preparation and Final Doubt Clearing
